

## **Making Karachi an Accessible City**

In April 2012, NOWPDP, the Government of Sindh Special Education Department and the Commissioner of Karachi Division announced a campaign to make Karachi an accessible city that provides access to persons with disabilities, through regulation reform and upgrading infrastructure.

To achieve this, a standing subcommittee was formed with the following mandate:

- To identify the short term measures to be undertaken to make Karachi as a Disability Friendly City
- To identify the buildings/public places controlled by public/private sector with specific recommendations to ensure implementation of accessibility codes/and to make them disability friendly.
